Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	**Stage 1**	**Stage 2**	**Stage 3**
Actions *What does the customer do?*	Student identifies a difficult topic and asks a question	Student enters the question/content and selects the required learning feature.	Student uses quizzes, summaries, and learning recommendations.
Touchpoint *What part of the service do they interact with?*	Study materials, textbooks, and class notes	EduGenie web interface and AI assistant	Quizzes, summaries, and personalized learning path.
Customer Thought *What is the customer thinking?*	"I don't understand this topic."	"I want a simple explanation."	"I want to improve my understanding."
Customer Feeling *What is the customer feeling?*	Confused / difficult	Curious / interested	Confident / Motivated

Process Ownership *Who is in the lead on this?*	Student	EduGenie AI System	EduGenie AI + Student
Opportunities *How can we improve this stage?*	Identify learning difficulties quickly	Provide simple explanations and instant answers	Improve personalized learning, quizzes and progress tracking
